## LAKE COUNTY INFIRMARY.

On March, the 2d, 1852, the commissioners of Lake County, Selic Warren, John McMurphy and Solomon D. The commissioners appointed as Infirmary Directors Collins Morse, Harvey Woodworth and John T. Doolittle with Richard Squires as superintendent. Additional lands have been purchased until now the farm contains about 160 acres. In 1876 the commissioners caused new buildings to be erected at a cost of \$30,000. The commissioners at that time were Abner M. Parmalee, Z. P. Bennett and Simon C. Hickok; the latter acted as superintendent. Other improvements have been made on the farm, in the way of under draining, etc., and it is now considered one of the finest and most productive farms in Lake County.

S. C. Hickok of Painesville, whose portrait accompanies this sketch, the compiler for the publishers of the Historical and Statistical information contained in this work, was born at Poultney, Rutland County, Vermont, the 9th day of August, 1817. He came to Ohio with his father's family in 1828, landing at Fairport on July 5, and proceeded to Thompson, now Madison Township, near the southwest corner of same, now included in Lake County, but at that time known as Geauga County. The family remained there about nine months and moved to Perry Township in the spring of 1829, and located on the south ridge road near the Burrige tavern now known as the Axtell place. In the spring of 1832, the family moved to the Narrows road on lot now occupied by the Perry Town Hall and M. E. Church and parsonage, where the family resided until S. C. Hickok attained his majority. In 1838 he cast his first ballot at the state elections of that year, and in the sixty years that have intervened, Mr. Hickok has voted at every state and presidential election, always voting the Whig and Republican tickets, casting his first presidential vote for Wm. Henry Harrison in 1840, his last one for Wm. McKinley. He has lived to see his old comrades in politics as well as those that were opposed to him politically in 1840, drop by the wayside until to-day he is the only remaining voter in Painesville that voted at the presidential election of that year.

S. C. Hickok

His occupation before he became of age was somewhat of a cooper in the making of pails, churns, tubs, etc., and part of his time being spent on the farm, and part at mechanical work. From 1832 to 1837 most of his time was given to the manufacturing of charcoal for the furnaces in this section of the state. His first mechanical work was of a cooper in the making of pails, churns, tubs, etc., of the kind called set work; so called from the fact each stave was set in place separately and afterwards bound on the outside to allow of the wooden hoops, there being no such a thing as iron hoops in this country at that time.

Mr. Hickok commenced his apprenticeship at the above business the winter after he came to this county in 1838, and was a mere boy, being only eleven years old. Before he became of age, he spent some of his time at house painting with his father at Painesville and Fairport as a jour painter and received twenty dollars per month and board, and was called the boy painter or jour. He also worked some at the carpenter's trade while still with his father. In April, 1839, Mr. Hickok came to Painesville where he has since resided. He has been a faithful servant to the people of this county in many offices of trust, having been six years a member of

Council for the village of Painesville and serving nine years as County Commissioner of Lake County. After coming to Painesville, for first two years he worked for Timothy Brooks at house painting, and next three years he carried on this business with David Perry. In 1844 he adopted as his trade the carpenter and building business which has been his occupation ever since. We name a few of the most prominent of the many different business blocks and other buildings, which he has erected during his active business life: The block on the southwest corner of Main and State Streets, the Childs Block, the D. B. Clayton block and the Root block on Main Street, the Engine house and Smith block on St. Clair Street, the Pease house on Mentor Avenue, Jas. Parmly's house on Erie Street, the Episcopal Church on State Street, Geo. Stone's residence on Casement Avenue, the County Infirmary buildings at Infirmary farm and many other buildings in Painesville. These marks of his handiwork, of his energy as a business man and his skill as a builder, will most of them endure as a fitting monument many centuries after Mr. Hickok has gone from this earth.

Mr. Hickok was married on the 10th day of February, 1841, to Miss Eunice French of Perry, a daughter of Nathaniel and Abigail (Vesey) French. Eunice (Hickok) French was born on June 1, 1822, and is still living, (November 10, 1898). Mr. and Mrs. Hickok celebrated their fifty-seventh anniversary last January. They now live on the same lot in Painesville where they have resided since December, 1841.

The publishers wish to express their appreciation for the efforts of Mr. Hickok in compiling the Historical and Statistical information for the Lake County Atlas and feel assured that the patrons of this publication and others will find the information very reliable and accurate. It has taken several weeks of careful and diligent search from old and new records to compile some of the information contained herein, and when we consider Mr. Hickok's age, we think him deserving of very great credit.
