

RECORD OF SURVEYS,

Plat of *Survey*, No. *157*, *Willoughby Twp.* Town *9*, Range *10*

Survey made *Nov. 10, 1908* ~~189~~, at the request of *County Commissioners*
 For the purpose of *locating and establishing a county road.*

by *J. M. Crabbs*, Deputy County Surveyor.

DESCRIPTION.

From report of Surveyor. Finding the initial point of said road in the north line of said Tract 4 at its intersection with the north and south road on line between Lots 3 and 4 of said Tract 4. We found the present highway substantially as originally described and the center-line thereof to be coincident with the lot lines of the lots adjacent to the north line of Tracts 3 and 4 and for a distance easterly from said initial point, of 10257 $\frac{9}{10}$ feet at which point we found said road as originally laid out to be where the same is at present traveled, used, and improved and to bear northeasterly to the north and south highway upon tract line between Tracts 6 and 7. We caused the same to be monumented throughout as indicated in the plat. We understand that the original road was by operation of law 60 feet in width
