

DEPARTMENT OF THE ARMY PERMIT

Permittee: Ohio Department of Transportation

Permit No: 2006-2200-CHA (Chagrin River)

Issuing Office: Huntington District

NOTE: The term "you" and its derivatives, as used in this permit, means the permittee or any future transferee. The term "this office" refers to the appropriate district or division office of the Corps of Engineers having jurisdiction over the permitted activity or the appropriate official of that office acting under the authority of the commanding officer.

You are authorized to perform work in accordance with the terms and conditions specified below.

Project Description: This permit authorizes the placement of fill material for activities associated with the State Route (SR) 2 reconstruction project located between SR 91 on the west and SR 44 on the east, near the municipalities of Eastlake, Willoughby and Mentor in Lake County, Ohio.

Work associated with the proposed project would involve the permanent placement of approximately 4,285 cubic yards of fill material into 3,547 linear feet of fourteen jurisdictional streams and approximately 32,295 cubic yards of fill material into 3.53 acres of six jurisdictional wetlands for the construction of a fourth lane in both east and west bound directions of SR 2 between SR 91 and SR 640 (Vine Street), and between SR 44 N (Heisley Road) and SR 44 S; a third lane in both east and west bound directions of SR 2 between SR 640 and SR 44 N. In addition, the project also consists of reconfiguration of seven interchanges along SR 2 (SR 91, SR 640, Lost Nation Road, SR 306, SR 615, SR 44 north and SR 44 south), widening the existing bridges over Newell Creek (Stream 10) and the Chagrin River, replacement of the existing bridge over Heisley Creek (Stream 15), construction of a new 37-foot wide bridge over the Chagrin River for Ramp D, replacement of existing culverts, and patching and waterproofing of concrete slab structures within this section of the SR 2 corridor. The project would also involve the temporary placement of approximately 444 cubic yards of fill material into 0.07 acre of the Chagrin River for construction access.

Project Location: The project is located in fourteen jurisdictional streams and six jurisdictional wetlands along State Route (SR) 2 between SR 91 on the west and SR 44 on the east, near the municipalities of Eastlake, Willoughby and Mentor in Lake County, Ohio.

Permit Conditions:

General Conditions:

1. The time limit for completing the work authorized ends on December 31, 2013. If you find that you need more time to complete the authorized activity, submit your request for a time extension to this office for consideration at least one month before the above date is reached.
2. You must maintain the activity authorized by this permit in good condition and in conformance with the terms and conditions of this permit. You are not relieved of this requirement if you abandon the permitted activity, although you may make a good faith transfer to a third party in compliance with General Condition 4 below. Should you wish to cease to maintain the authorized activity or should you desire to abandon it without a good faith transfer, you must obtain a modification of this permit from this office, which may require restoration of the area.
