Dear Sir

In order to maintain telephone service in the city of Willoughby, it will be necessary for us to do the following work at Vine Street at East 365th Street in the city of Willoughby.

We are requesting permission to relocate our existing telephone conduit from a utility pole being removed for the road reconstruction to a new utility pole being set by CEI.

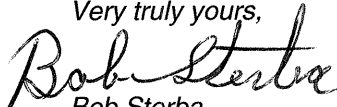

The proposed work locations are shown on the enclosed sketch.

AT&T's contractor will reuse 2 to 3 feet of original backfill in grass, sod and/or dirt areas. Our contractor will always backfill under improved surfaces (berms, sidewalks, drives, pavement, etc.) with premium backfill.

Please direct all correspondence to our fax # (216) 476-6013 or our address: 3rd Floor
13630 Lorain Avenue

Please contact me on (216) 476-6138, should you require any additional information.

Very truly yours,
