The following information indicates The Illuminating Company's findings after examining the information previously received by the Illuminating Company on January 15, 2008 for the above mentioned project. Please note The Illuminating Company requires 18 to 20 weeks minimum lead time to develop our design, order material and equipment and schedule the necessary resources to accomplish the project.

- 1. The Illuminating Company has no facilities in conflict on this project.
- 2. Rearrangement of the Illuminating Company's facilities is not necessary.
- 3. The Illuminating Company has facilities in conflict and will be required to rearrange them.
- 4. Based upon plans or information received, it is indeterminate if rearrangement of our facilities is necessary.
Please provide the additional information requested below.

Prior to the Illuminating Company commencing work on aerial or underground facilities in support of roadway, sanitary, storm or water line projects, all clearing, grubbing, necessary forestry (tree/bush trimming) in the Public Right of way is to be completed by others. Final grade shall be established prior to The Illuminating Company installing or relocating of our overhead or underground facilities. Also, the project construction limits are to be surveyed and staked by the requesting engineering consulting firm or by the municipality in order ensure the Illuminating Company is properly locating our aerial facilities in the public right of way and within the construction limits.

Relocation costs that are determined to be compensable, such as, sanitary sewer projects, water lines and other compensable rights or where the relocation of our overhead facilities is only caused by the installation of sidewalks, shall be invoiced by the Illuminating Company per our standard Aid to Construction form. Payment shall be received in advance of work commencing. Estimates are only valid for 30 days and will be re-estimated to provide current estimated costs should approvals be extended beyond the 30 days.

In the event additional conflicts are identified which are not part of the Project 4A Note/Project Response Form, due to field conditions, The Illuminating Company shall be notified immediately verbally and in writing by the authorized agent for the project. The Illuminating Company, along with the contractor and authorized agent for the project, shall resolve the field
