1877 Sq. Yds. Extra Pav.

**TYPE C Notes:**  
 Curve to be widened and super-elevated as shown on plan sheet.  
 Center Joint Const. Dr. #98 or #100  
 Sleeved Dowel Transverse Contraction and Expansion Joints Const. Dr. #95 as per specifications.  
 Note: Contractor to keep road open to traffic at all times.

**EST. QUANTITIES**

Excavation unclassified	365 Cu. Yds.
8" Reinf. Concrete pavement removed	972 Sq. Yds.
1-1/2" Concrete removed (Headwall)	1 Cu. Yd.
12" encased vit. pipe removed	35 Lin. Ft.
Trees to be removed	3
Finish shoulders, slopes, ditches (both sides)	862 Lin. Ft.
12" Vit. Pipe Sewer D.S. including excavation and backfill complete in place or R.C.P.	32 Lin. Ft.
Std. Side Ditch Inlet #1 complete in place	1
Pavement	
9'-7"-9" Conc. Pavt. including fine grading and longitudinal and transverse joints, edge bars, dowels and sleeves (1-1/2" mix)	2266 Sq. Yds.

Note: Waste Excavation to be placed as directed by the Engineer on land adjacent to the improvement.

DETAIL OF PAVEMENT AT EACH END OF CURVE  
 1" = 20'  
 164.2 sq. yds. additional pavement to connect with existing pavement (both ends of curve)
